

### USER FEES IN SCHOOLS

Turtle Mountain School Division believes in social justice for all students. Turtle Mountain School Division realizes that, at times, schools will be required to charge user fees for various extra-curricular activities and/or for consumable materials which are needed as part of curricular activities. Schools are encouraged, however, to minimize fees, where possible, and to have measures in place to ensure financial constraint is not a factor in school participation. Schools will be expected to adhere to relevant sections of the Public Schools Act. (PSA link at the bottom of the page.)
