

NON-STUDENT USE OF BUSES

The transportation system in the Turtle Mountain School Division exists with the primary purpose of transporting eligible students to and from school.

In some instances, outside groups may request to use school buses for purposes other than transporting students.

All requests by an outside group must meet the criteria as established by the Motor Transport Board for single trip certificates for school buses.

Cost of the bus is to be paid by outside group with a minimum charge of \$75 per day plus mileage and driver's salary. Use of buses and drivers is based on availability. Notices of intent to request a bus are required to be received 30 days prior to the date of the event.

This policy will be reviewed annually by the Operations Committee.
