

RECYCLING

Turtle Mountain School Division supports the reduction, re-use and recycling of materials where that is practical. Turtle Mountain School Division and its schools will support local recycling efforts and endeavour to recycle as many materials as possible in support of the conservation of the earth's resources and the protection of our environment for sustainability. This policy will be put into effect by the following actions.

1. Divisional and school administrators will put in place recycling plans to support the reduction, re-use and recycling of materials where possible.
2. School administration will submit a report on the nature and extent of recycling activities for the July 1 – June 30 fiscal year by October 31 to the Secretary-Treasurer.
