

SUSTAINABLE DEVELOPMENT

Turtle Mountain School Division supports Manitoba Education's vision for Education for a Sustainable Future, including the scope of sustainable development as defined through Manitoba Education: https://www.edu.gov.mb.ca/k12/esd/whats_esd.html

The Division supports this vision through its policies, procedures and day-to-day operations. Sustainable Development programming in schools will be interwoven throughout classroom and school activities, and in accordance with the Division Strategic Plan as well as school plans. School-based sustainable development activities can include initiatives/topics pertaining to the environment, the economy, the health of society, and/or the interrelationship amongst these elements.
